To Whom It May Concern:

RE: RGD Commercial Realty Advisors

On a couple of occasions I have requested the assistance of the RGD Commercial team and in both cases they have impressed me not only with their depth of market knowledge but also the honest and ethical approach to handling our requirement. Most recently they have successfully fulfilled an office leasing campaign in 925 West Georgia Street, and I would highly recommend their services to anyone who requires assistance with their commercial real estate.

Sincerely,

Ronald C. Shon
President
